

2025

AMI Montessori for Dementia, Disability and Ageing Workshop

“ To enable persons to be as independent as possible to have a meaningful place in their community, to have high self-esteem, and to have the chance to make choices and meaningful contributions to their community. ”

Workshop content

By the end of the workshop, participant will be able to

- Connect the needs, interests, skills, and abilities of people with dementia or disabilities to the goals of Montessori.
- Describe the Montessori model of the aging and dementia approach and why it is an effective approach to increasing independence and quality of life
- Learn about Montessori philosophy and the basic Montessori principles and how they relate to aging, dementia and disability.
- Design a Montessori environment using Montessori Principles of Ageing and Dementia, and design and deliver activities for individuals and groups.
- Evaluate current environmental strategies and be capable of modifying them to provide a Montessori prepared environment for those with aging and dementia.

After completing the three-day workshop, participants can obtain an **AMI certificate of participation**. Participants can choose to complete the AMI Aging and Dementia Practitioner Certification within 6 months of completing the course.

All time mentioned are based on Taiwan local time GMT+8

Workshop Format

In person conducted in English with Chinese translation

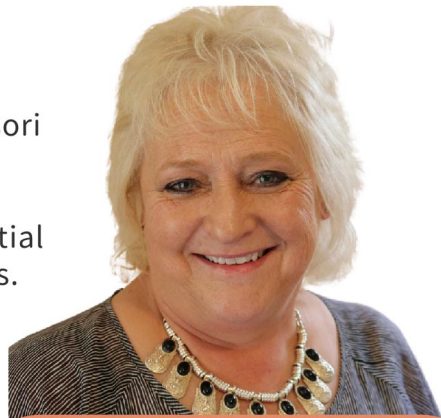

- Workshop Dates: 27-29 September 2025 09:00 – 16:00
- Workshop Venue: Building C, 20F, No. 97 Section 1, Xintaiwu Rd, Xizhi District, New Taipei City, 221.
- Workshop cost: **AMI Dementia Disability and Elderly Care Workshop Certificate of Participation NTD 12,000 (A 5% discount is available for groups of five)**

Participants must confirm whether to participate in the AMI Aging and Dementia Certification within seven days after the three-day workshop (before October 7th).

In order to obtain AMI certification, after paying the certification fee of NTD 16,000, participants are expected to complete two case studies within six months. This fee is non-refundable.

About your trainer

Head of Montessori for Dementia, Disability and Ageing
Anne Kelly is a registered nurse and an aged care Montessori Consultant. She holds post graduate qualifications in Dementia Management as well as workplace training and assessment. Anne has worked extensively in both residential and community-based dementia care for the past 40 years. She has been an aged care Montessorian for the past 15 years and is considered an Australian and world leader in Montessori Methods for aged care. In June 2021 she joined AMI as Head of Montessori for Dementia, Disability and Ageing.

Anne Kelly
